Overlook Gardens

HEALTHY PLANTS

You run no risk of buying unhealthy stock from us. Our plants are all tested by State Inspectors each year, as the following certificate shows:

No. 3329

STATE OF NEW YORK
DEPARTMENT OF AGRICULTURE AND
MARKETS

H. V. NOYES, Commissioner

Certificate of Inspection of Nursery Stock

This is to certify that the nursery stock of Overlook Gardens of Central Bridge, County of Schoharie, State of New York, has been duly examined in compliance with the Agriculture and Markets Law and has been found to be apparently free from all injurious insects and plant diseases. This certificate is valid until October 1, 1942, unless revoked before that date.

Dated, Albany, N. Y., September 1, 1941.

A. B. Buchholz,
Director

H. V. Noyes,
Commissioner

**ALL PRICES SUBJECT TO CHANGE WITHOUT
NOTICE**

We use only the best seed and stock plants for our propagation, and every precaution possible, but because of matters beyond our control, we can give no warranty, express or implied, as to the productiveness, description, growth or quality of the stock herein offered.

OVERLOOK GARDENS

Spring ... 1942

This season will be a memorable one in many respects. All, or at least most, of our everyday doings will be affected in one way or another. All business will be hindered in its usual procedures to some extent.

The nursery business is no exception. Raising Flowers, Trees, Shrubs and Roses takes more than just a hoe and a spade in these days.

We anticipate a lot of disappointments due to the many and varied effects this war we are in will cause.

In spite of all this, we intend to do our level best to satisfy our customers as usual.

This year we have some of the best stock we ever grew. The Perennial Novelties are exceptionally good, the regular list of Hardy and Rock Garden plants are especially well developed into nice husky clumps. Our Roses, Evergreens, Shrubs and Trees never were nicer and are sure to please.

Our severe cold climate and our ideal soil produces hardy, thrifty plants that are sure to grow and bloom. Our bedding plants, annuals and vegetable plants are all cold frame grown, therefore much hardier than greenhouse stock. "Ask your neighbor."

NOTICE

As a special inducement to our many customers who cannot come after their plants, we will ship any order for Perennials amounting to \$2.00 or more Parcel Post or Express Prepaid.

This offer is good only to June 1st.

We do not pay postage on other stock and require 10% extra to cover cost of shipping, or we can send by Express Collect.

New and Scarce Perennials

Price per dozen ten times the each price.

Six at the dozen rate.

SEPTEMBER CUSHION MUMS

A new and distinct type of Chrysanthemums, superior to anything so far developed. Very hardy and compact plants that commence blooming early and are covered with very colorful flowers all thru the season. Each **50c.**

PENTSTEMON GARNET

Gloxinia-like flowers of a rich garnet color on stems 12 to 18 inches tall from June till frost. Makes a nice cut flower. Each **25c.**

PHLOX ARENDSI INGA

A very valuable member of the Phlox family. Flowers of a shade very similar to Blue Phlox (Phlox Divaricata) but blooms later and continues almost all summer. Each **25c.**

PHLOX DR. KLEMM AND EVA FOERSTER

These two new varieties are very outstanding. Both have immense trusses of blooms on healthy plants of compact habit. Dr. Klemm is the best blue shade of any Phlox so far developed. Eva Foerster has giant salmon rose florets with a large white center. Each **30c.**

LIATRIS SCARIOSA WHITE

A pure white form of this magnificent flower. Ideal for bold effects in the garden as well as a stunning cut flower. Each **25c.**

Perennial Plants

Our plants are strong, healthy and well-rooted. They are fresh dug from the field the day your order is being filled. Every shipment of plants from our Nurseries carries a State Inspection Certificate.

\$2.00 per doz. of one variety, 20c each except those otherwise designated. Plants marked 15c each are \$1.50 per doz. Six at the dozen rate.

CHROMATELLA —best yellow	each \$1.00
MARLIAC ALBIDA —white	\$1.00
MARLIAC PINK —shell pink	\$1.00
WATER HYACINTH —floating plant	25c

INSECTICIDES

The following materials are especially recommended by us for all insects and plant diseases. We use all of these on our own plants and we only use the best.

- ARSENATE OF LEAD**—dust or spray, for all chewing insects, @ **25c** lb.
- ANT BAIT**—(Majikil Jelly) the only substance that really gets rid of ants. 1 oz. tube @ **35c**
- BORDEAUX MIXTURE**—dust or spray, for all forms of mildew and rust on Phlox, Delphinium, etc. @ **25c** lb.
- ROTOGREEN**—the best spray of Aphis, Mealy Bug, Red Spider, etc. For garden or house plants. 1 oz. (makes 6 gals.) @ **35c**

FERTILIZER

Overlook Gardens rotted cow manure is becoming very popular with many gardeners and is the only preparation used to enrich their flower beds and lawn.

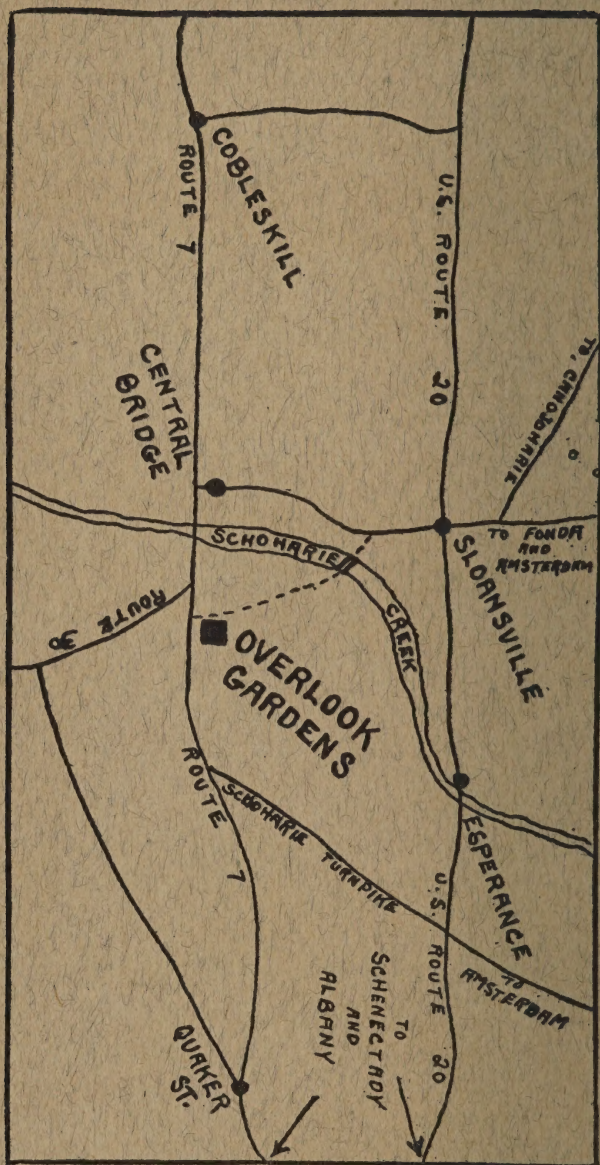

This is the only fertilizer we use in our own gardens and recommend it to our patrons for all perennials, lawns and shrubs. Many people have used this during the last few years with excellent results.

Dry, pulverized, well rotted and absolutely without odor, per bu. 50c, 10 bu. @ 45c,

25 bu. and up @ 40c

Bring your own bags. Due to the shortage of burlap we are forced to charge 10c for each bag.

LANDSCAPING

If you want a pool made, an evergreen or shrub planting, your lawn renewed or a rockery built, it will pay you to get our estimate. We can do as good work as any other expert at a much lower figure.
